

# Dennis Shinka

## COMMUNITY MANIFESTO

My name is Dennis Shinka Parmuat. I am a Maasai, born in Nkineji village in Narok County. I have lived among my community all my life and also had the opportunity to build strong global friendships through interactions with so many good people around the world. My time in the tourism industry has shown the power of cultural cooperation in accelerating our community's development goals through tourism.

I always wanted what is best for the community and I strive to continuously play an active role in my community's wellbeing. I trust in our collective responsibility in ensuring the next man, woman and child can live a dignified life where their basic needs (Education, Food, Housing, Health Care & Access to Water) are met. It is my vision and heartfelt mission to positively impact my communities social, environmental and economic wellbeing through collective efforts, creating opportunities, skill sharing, ideas and utilizing our resources for the benefit of all.
